***Allowable Subject Matter***

Claims 7-11 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to show or fairly suggest a piezoelectric actuator with two piezoelectric devices placed at an angle and connected by a driving member wherein each of the devices has its own driving unit which consists of a waveform generator and two drivers for generation of two voltages to each piezoelectric device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Address inquiry to Ex. Dougherty at (571) 272-2022.
